

Notice of Euromoney equity indices rebranding to EMIX

18 August 2017

IHS Markit is pleased to inform you that all equity indices acquired from Euromoney Trading Ltd in March of this year will be rebranded as EMIX Indices, consistent with the branding for the global equity index universe. This new branding will take effect on 15 November 2017. Please see below for the timelines and display guidelines for this transition. Third party vendor identifiers such as Bloomberg tickers and Reuters RICs are currently expected to remain unchanged throughout this process.

Prior to 15 November 2017

- Clients and vendors can continue to use the existing Euromoney Indices branding in its current format when referring to the indices on terminals, in fund prospectuses, factsheets and all further client publications.

Post 15 November 2017 and for a three month period until 15 February 2018

- Clients and vendors can utilize either the transition branding as per the examples below or switch to the new EMIX branding.
 - **Transition branding example 1:** *EMIX Smaller European Companies Index (formerly known as the Euromoney Smaller European Companies Index)*
